SCHOLARSHIPS

Few Scholarships as waiver of conference fee are available for international participants / students from low -income economies or lower -middle income economies. These scholarships will be available to only those participants who have registered for the conference and their abstract has been accepted for presentation at the conference. You need to fill out the scholarship form to apply for the scholarship. The decision of the conference committee will be final regarding the scholarships and you will be informed via email.

ABSTRACT SUBMISSION INSTRUCTIONS

ICOEH 2019 invites submission of abstracts describing the status, gaps and needs in Occupational and Environmental Health in all the theme areas of the conference. The papers can be submitted for oral and /or poster presentations. All abstracts will be evaluated on the basis of scientific merit by peer review. Preference will be given to those submissions that address a substantive issue by integrating across different areas of topics listed below. The ICOEH Scientific Committee will make decisions regarding acceptance/rejection of the submitted abstracts.

Deadline for Receipt of Abstracts

Submissions must be sent electronically and no later than 11:59 P.M. IST on Wednesday, December 15, 2018, to be considered for inclusion in the conference program. Please review the submission instructions carefully. All presenters are expected to register and pay the requisite registration fees for the conference. Notification of acceptance or rejection of abstracts will be e-mailed to the corresponding authors by January 15, 2019.

Abstract Submission

To use the online submission system, you must first register. A registration link is placed on the home page or click here to register. On the registration page, you will be required to fill in your basic contact information and other details. Your email id (provided by you) will be used as your unique registration login ID for the registered name. Mandatory fields are marked with a red asterisk (*). Upon successful registration, an email will be sent to your registered email id to activate your account. After activation, the link for submission of abstract will appear on your screen.

If you want to submit abstract on another time (before abstract submission deadline), you will be required this login id & password for online submission of your abstract on abstract submission page. After successful activation of your registration, you will be provided with the link to abstract submission page. You can submit maximum of three (3) abstracts under one registered Id. You are expected to follow the given format for abstract writing as given on the abstract submission page.

For More Detailed Guidelines & process on Submission of the Abstract, please refer to <http://conferenceoeh.com/abstract-guidelines/>

Welcome to ICOEH 2019!

It is a matter of great pleasure to invite you to the **4th International Conference on Occupational and Environmental Health (ICOEH 2019)** to be held at Lady Hardinge Medical College, New Delhi, India. The conference is scheduled on **15-17th February, 2019**.

Workers represent one third of the world population. People are living longer and working longer, well into the old age. Women are increasingly participating in the labor force. But on the darker side, burden of work related deaths and disease is continuously rising and has become public health concern. So, health and safety at workplace has become a topic of paramount importance. In the light of this, we have come up with the theme of this year **“Healthy, Safe, Stress-Free Workplace and Environment: Vision 2035”**. Vision 2035, which is technology driven, aims to develop quality of life of each Indian by scaling of technologies in the area of climate change, energy, waste management, livelihood and education.

The conference aspires to provide a platform for the policy makers, researchers and academic scientists to share their views, experiences and information on recent advances with colleagues and others working in the field of environment and occupational health.

Additionally, there will be various competency based **pre-conference workshops on 13-14th February 2019**, where our national and international experts in the field, will provide an educational platform to enhance your practical skills.

We, the organizers hope that, this conference will offer a springboard to the upcoming experts and will give a chance to learn about the recent innovations, trends, concerns, practical challenges and desired expertise in the field of occupational health and environment.

February is the month when we bid adieu to the winter, it is the best time for a trip to Delhi and Northern states of India. This is the time to attend Udyanotsav, which is annual opening of Mughal garden at President's Residence and the Surajkund Fair (Faridabad). Also, delegates can visit places like Chandni Chowk and Jama Masjid, the two ancient cultural place in Delhi, where one can enjoy the “Shopping till Dropping” and mouth watering Mughlai and street food in the ambience of old Delhi. Various historical monuments like India Gate, Akshardham Temple, Qutub Minar, Red Fort, Safdarjung Tomb, Lotus Temple are some of the attractions of Delhi.

We welcome you to grace the conference and spare a day or two to roam around our beautiful Delhi.

PATRONS	ORGANISING COMMITTEE	SCIENTIFIC COMMITTEE	ORGANISING SECRETARIES

- 4) Occupational Lung Diseases
- 5) Health Care Worker's Occupational Health Risk
- 6) Protection of Child Health at Workplaces
- 7) New advances, Technology for Diagnosis and Prevention of Occupational Diseases
- 8) Corporate Sector in Occupational Health
- 9) Social Protection & Compensation & Legal aspects in Occupational Health
- 10) Innovative approaches to reach the underprivileged working communities

SCIENTIFIC TOPICS WOULD BE COVERED IN THE CONFERENCE

- **Aging and work**
- **Ambient Air Pollution**
- **Biological hazards**
- **Biomarkers&Biomonitoring**
- **Biomedical Waste Management**
- **Cardiology in OH**
- **Children and Adolescent workers**
- **Climate change and health**
- **Compensation**
- **Development and Evaluation of Evidence-based Practice Guidelines in Occupational Health**
- **E-waste management**
- **Economic issues in OEH**
- **Education and training**
- **Emergency in occupational setting**
- **Environmental and Occupational Health Laws**
- **Epidemiology of Occupational and Environmental Diseases**
- **Ergonomics**
- **Ethical practice of OEH**
- **Gender perspective in OH**
- **Global transfer of knowledge and sharing**
- **Good Practices and methods for small-scale enterprises**
- **Hazard communication**
- **Hazardous Waste**
- **Health challenges due to globalization**
- **Hematological effects of Occupational Hazards**
- **Improving quality in Occupational Health Practice**
- **Indoor Air Quality**
- **Industrial Hygiene**
- **Influences of Corporate Social Responsibility**
- **Innovative practices in occupational health**
- **Life style diseases and work**
- **Legal frameworks in OEH**
- **Mainstreaming of OEH**
- **Migration and OH**
- **Monitoring tools for OEH**
- **Musculoskeletal disorders**
- **Noise and Vibration exposure**
- **Occupational and Environmental Health in Construction Industry**
- **Occupational and Environmental Immunotoxicology**
- **Occupational and Environmental Respiratory Disorders**
- **Occupational Cancers**
- **Occupational exposure to Radiations**
- **Occupational exposure to Toxic Metals**
- **Occupational Eye problems**
- **Occupational Health Nursing**
- **Occupational Health Services and Development**
- **Occupational Infections**
- **Occupational Accidents and Injuries**
- **Occupational Allergies**
- **Occupational and Environmental Dermatoses**
- **Occupational Mental Health problems**
- **OEH Management systems**
- **OH for Health Care Workers**
- **OH in the Chemical Industry**
- **Pesticide Risk Assessment and Management in Agriculture**
- **Promoting employment, job security**
- **Promoting health and Well-being at work**
- **Protection of Workers in Disaster Relief**
- **Psychosocial Factors at Work and Worker Health**
- **Recognition and evaluation of Occupational and Environmental health problems**
- **Rehabilitation**
- **Reproductive health**
- **Risk Assessment**
- **Role of Ayush in OEH**
- **Service Industry**
- **Shift work**
- **Sickness absenteeism**
- **Sleep disorders**
- **Small-scale Enterprises and the Informal Sector**
- **Substance Abuse**
- **Surveillance in Occupational & Environmental Health**
- **Surveys and Audits**
- **Telemedicine and Occupational Health**
- **Tools for diagnosis of Occupational and Environmental diseases**
- **Travel medicine**
- **Vulnerable population,**
- **Water Pollution**
- **Well-being in small-scale enterprises**
- **Women, work and health**
- **Work life balance**
- **Workplace violence**
- **Regulatory agencies**
- **Others**
